

LET'S PRACTICE

FUN AND EASY SUBTRACTION

NAME :

GRADE :

DIRECTION :

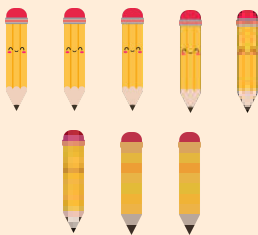

Solve the following subtraction problems by counting and writing the correct answer.

You have 6 balloons, but 2 fly away. How many balloons do you have now?

There are 10 cupcakes on the table. If you eat 3, how many are left?

Count 8 pencils. If you give 5 to a friend, how many do you still have?

A basket has 7 oranges. If you take away 2, how many oranges are left?
