

Calculating Perimeter

LEARN

In Measurement, the perimeter is the distance around the outside of a shape. To calculate the perimeter, add up all sides or lengths of a shape.

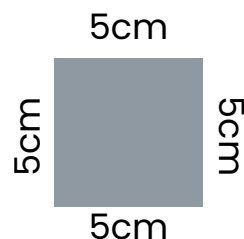

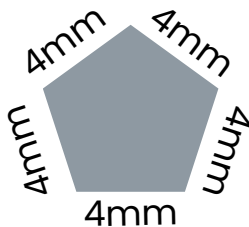

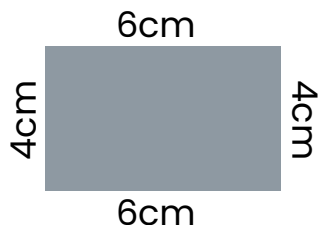

$$2 + 5 + 2 + 5 = 14\text{cm}$$

$$3 + 3 + 3 + 3 + 3 + 3 = 18\text{cm}$$

DO

Add the sides to find the perimeter of these 2D shapes.
