

Missing Factor Multiplication

Solve for the missing factor.

$$5 \times \text{ice cream scoop} = 10$$

Solve for the missing factor.

$$5 \times \text{ice cream cone} = 25$$

Solve for the missing factor.

$$5 \times \text{ice cream scoop} = 40$$

Solve for the missing factor.

$$5 \times \text{ice cream cone} = 15$$

Solve for the missing factor.

$$5 \times \text{ice cream scoop} = 5$$

Solve for the missing factor.

$$5 \times \text{ice cream cone} = 20$$

Solve for the missing factor.

$$5 \times \text{ice cream scoop} = 55$$

Solve for the missing factor.

$$5 \times \text{ice cream scoop} = 0$$

Solve for the missing factor.

$$5 \times \text{ice cream scoop} = 35$$
