A Useful App

Part 1. Read the paragraph.

One of the most useful apps on my phone is a language learning app. I use it for about twenty minutes every day. It helps me learn new words and practise my grammar. I also enjoy the short quizzes because they make learning more interesting. I usually use the app on the bus or before bed. It helps me improve my English little by little every day.

Part 2. Write about a useful app.

Helpful Questions

- What app do you use?
- What does it help you do?
- How often do you use it?
- Where do you usually use it?
- Why do you like it?
