My Favourite Hobby

Part 1. Read the paragraph.

My favourite hobby is painting. I paint pictures every weekend in my room. First, I choose my colours and prepare my brushes. Then, I paint flowers, animals, or beautiful landscapes. Sometimes my sister paints with me. When I finish, I hang my picture on the wall. Painting helps me relax and express my ideas. It is my favourite hobby because it is fun and creative.

Part 2. Write about your favourite hobby.
